21 May 2016, Revised 1 December 2018

You think I have a superiority complex
Yet my greatness you can't perplex
You pompous cretin!
I should give you a beating

You claim I have narcissism aplenty
But its me that you envy
"Take a look at yourself", you yelp
But it is you in need of my help!

I could give you advice
My wisdom will more than suffice
But first pay me your fee
And I'll help you be more like me.
